B. C. & A. A. A large crowd went to Elizabeth by special trolley last Friday night to witness the bowling of the Bloomfield team with the Elizabeth Athletic Club. With the exception of Haskell the team work was very poor. Bloomfield lost both games to the Elizabeth A. C. although it seemed as if the latter tried to give them the first game.

In spite of the defeat the visitors had a happy time. The return trip was made in 48 minutes which is remarkable. Bloomfield is now tied with the Athletics of Newark and the Tourists of Paterson for first place. Had Bloomfield won one game at Elizabeth the tournament would have ended with Bloomfield champion.

The local bowling tournament was begun last Monday night. Teams 1 and 2 opened the series. Each team won and lost a game. Last night teams 3 and 4 played two games. Team 2 won both games. Games are scheduled for every Monday and Thursday night until April 27th. Prizes, winning team, value \$15; highest average, value \$4; greatest number of games, value \$3.50.

The Tourists of Paterson, A. Lakes of Newark and the Bloomfield teams are a tie for first place in the bowling tournament of the Associated Cycle Clubs of New Jersey, each having won 18 and lost 10 games.

Six applications for active membership have been received.

Deafness Cannot be Cured By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional medicine. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running ear or impaired hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed for ever; mine cured out of two caused by catarrh, which is nothing out of the ordinary condition of the mucous lining.

We will give One Hundred Dollars for any case of Deafness (no matter how long contracted) not cured by our method. Send for circular, free.

Getting Ready for the Circus.

Preparations for the "County Circus" of the Orange Riding and Driving Club are being made rapidly, and the athletes who are to take part in the performances are already in training in the tennis court building of the Orange Athletic Club and also in the gymnasium. There are to be two general managers or trainers, one for athletes and one for equestrianism. Professor John T. Crowley, of the Orange Athletic Club, has charge of the athletes, and is training the young men in the gymnasium. His long experience of eleven years with the Barnum show, together with his six years' experience with the Columbian Athletic Club, of Washington, D. C., makes him unquestionably one of the best possible instructors for this purpose. Mr. Crowley is a pupil of Gollie, and the latter endorses him strongly.

For the equestrian training the Club has secured the services of Robert Whitaker, of Nutley, whose abilities as a trainer were shown at the amateur events held in Nutley last season, and whose dashing equestrian feats are seldom rivaled. Mr. Whitaker has the entire charge of this branch of the work and he will perform in the ring himself, introducing his celebrated horse "Dollman."

There will be four classes in the ring, and these have not been fully decided on at present, the probability being that two of them will be drawn from the funny men of the Orange Athletic Club, while the other two will be professionals. It is safe to predict that the show will be an attractive one and that it will draw crowded houses. It is to be given, as already announced, on Friday evening, April 10th, and Saturday afternoon and evening, April 11th.

Assembly No. 2, gives to operatives in mills and factories a lien upon goods manufactured in preference to other creditors.

Taken—Time.

Hood's Sarsaparilla has achieved great success in warding off sickness which, if allowed to progress, would have undermined the whole system and given disease a strong foothold to cause much suffering and even threaten death. Hood's Sarsaparilla has done all this and even more. It has been taken in thousands of cases which were thought to be incurable, and for a fair trial has effected wonderful cures, bringing health, strength and joy to the afflicted. Another important point about Hood's Sarsaparilla is that its cure is permanent. It does not stop at the foundation of purified, vitalized and enriched blood. But it is not what we say but what Hood's Sarsaparilla does that tells the story.
